All business in Willimantic will be suspended Thursday, when the clerks and merchants hold their annual outing at Connecticut Agricultural College in Storrs. From present indications the outing promises to be the biggest of the year. Practically all the merchants and clerks are to be there. Transportation to and from Storrs will be furnished by the merchants. At noon the college will put on a clam chowder, also provide a steak barbecue at 5 o'clock. The B. P. O. E. band, Charles N. C. Wheeler, director, will play all day. Field sports will begin on the college track at 11 o'clock and will be followed by a baseball game in which the clerks and the merchants will battle. The batteries for the clerks will be Ray Comins and Charlie Hill, with Rick Downer and Rod Jodoin for the merchants. The imposing traffic officer who will watch over all for the day will be George Hemington Barlett and ex-Mayor Danny Dunn will referee the game. All departments of the college will be open for inspection by visitors. Automobiles will leave Lincoln square at 9:30 a. m. and there will be a concert by the band previous to the departure. The outing will be held regardless of weather conditions, as Storrs army is capable of sheltering all who attend.

Windham Center residents were disappointed on hearing that the new school building that has been in course of construction for the past three months will not be finished for the opening of the fall term, Tuesday, Sept. 5. The delay is attributed to the scarcity of bricklayers in this section this summer. A great majority of them have gone to other parts where higher wages attracted them. In addition to this, the several stormy days of the summer added to the delay. The brick work on the building is practically completed and Contractors Doyle and Murphy at present have carpenters building the hip roof of the structure. Next week the rooms will be lined with plaster. According to the terms of the contract the building was to be ready Tuesday for the installing of the furniture and other fixtures.

The contractors, who also have had men digging a well for the water supply of the school, have encountered unexpected difficulties. A well is being sunk in the boiler room of the school building and must be twenty feet deep and five feet in diameter. Rock was encountered five feet below the surface and drilling has had to be resorted to. The well has been sunk thus far thirteen feet. Water has been struck but not of the required quality. The remainder of the rock is to be blasted to the required depth. It was said that in all probability the new school would not be opened until December.

Business is increasing in the town of Scotland, the sixth smallest town in the state in point of population. The only store of its kind conducted in that town for many years has been that of James F. Johnson, who recently disposed of the business to B. Amidon of Pomfret. Competition, however, has now entered and Mr. and Mrs. Luther H. Clark have started building a one-story wooden structure 25 feet front and 40 feet deep with basement 20 by 25 feet, which they will use for a store. The structure will be ready by Sept. 15.

Rev. Frederick C. Baker of Whitman, Mass., secretary of Willimantic Camp Meeting Association, arrived at the grounds Tuesday morning and will remain there until after Labor Day. He is also collected of rents on the grounds. Speaking of the coming camp meeting week services which will open Sunday, Aug. 20, Mr. Baker said the program will be the best since the beginning of the World War. He announced that two well known former pastors of Willimantic Methodist church would be unable to take part in the program next week. They are Rev. John H. Newland, superintendent of New Bedford district, and Rev. Louis M. Ploeden, pastor of the Memorial church at Plymouth, Mass. Both are suffering from nervous breakdown.

A very enjoyable party was held at the home of Mr. and Mrs. Edward Belek of South Chapin recently. Games, music and dancing were features. Mr. Cavanaugh showed his ability at card tricks to the amusement of those present. Refreshments were served. Among those guests were Mr. and Mrs. B. Cavanaugh, Miss Margaret Cavanaugh, Miss Katherine Cavanaugh, Patrick Cavanaugh, Mr. and Mrs. Johnson, Miss Mary Shea, Mr. Chamberlin of Chapin, Mr. and Mrs. Amos Broun, Mr. and Mrs. Harry B. Harrington of this city, George M. Harrington of Windham Center, Grover Swan and Mrs. Agnes Russell.

Note these New Prices on U.S. Tires

ON July 29, 1922, the lowest prices ever quoted on U.S. Passenger Car Tires went into effect—Royal Cords included.

These new prices should give confidence to dealers and car-owners that no lower basis of quality tire prices will prevail.

Remember, too—as you read the following table—that U.S. quality has been positively maintained.

SIZES	Royal Cord	Nobby	FABRIC Chain	Usco	Plain
30 x 3 CL	—	\$12.55	\$11.40	\$9.75	\$9.25
30 x 3 1/2 "	\$14.65	15.60	15.00	13.75	—

Federal Excise Tax on the above has been absorbed by the manufacturer

The dealer with a full line of U.S. Tires at the new prices can serve you better than you have ever been served before in the history of the automobile.

If there ever was any fancied advantage in shopping around for tires it disappeared on July 29, 1922.
